

QUICKBOOKS MERCHANT SERVICE FOR PCs

From Sales to Accounting With Just One Click

Accept all major credit and debit card payments right in your QuickBooks software. Update your accounting as you process sales.

Easy to Use, Saving You Time

Everything you need to accept all major credit and debit cards is built right into your QuickBooks. All you need to do is get approved for an account, and you're ready to go. Plus, you can keep your existing bank account—funds are deposited in as little as two business days.

QuickBooks automatically records the information in your company file, so you don't have to. In fact, 62% of our customers say they save up to 2 hours per week over their previous processor.¹ Automatic entry eliminates typing mistakes—no more headaches chasing down errors.

Your Accounting Stays in Synchrony with Your Business

At a glance, you get an up-to-the-minute look into:

- Sales flashes and trends
- Customer purchase patterns and history
- Expense reports

Unlike most merchant services, we have no hidden fees.

Expand your business to the Web with just one merchant account.

New Features Add Power to Your Processing

Advanced Reconciliation

Keep your bank account in balance with your QuickBooks. The Funding Status screen tells you exactly when your funds are deposited into your bank account. You'll know how much money is in your bank account, and be able to reconcile your bank statement quickly and easily.

For deposits that are funded to your bank account net of processing fees, use the Fee Calculator screen to keep track of the fees associated with these payments.

Fee and Expense Tracking

The Fees & Adjustments Download screen helps you keep control of your merchant account expenses. Download MasterCard/Visa processing fees as well as service fees. It's easy to assign fees to appropriate expense accounts so your records are more accurate and up to date.

Plus, get free, real-time online reporting.

Received From	From Account	Memo	Chk No.	Post Meth.	Amount
ram amex	Undeposited Funds			American Exp...	10.00

Easily keep track of your merchant account fees with the Fees & Adjustments screen.

Optional Card Reader for Face-to-Face Sales

If you process sales where your customer physically hands you a credit card, you can attach a simple card reader. It plugs right into your computer. At only \$89, it's inexpensive compared to terminals, which can cost \$1,000 or more.

When you swipe the credit card, the information is automatically transmitted for processing and recorded in your QuickBooks. Plus, you get to take advantage of the low 1.72% card-swiped rate.²

Our easy-to-use card reader plugs right into your PC.

¹QuickBooks Merchant Service User Study, August 2004

²Card-swiped rate requires the card reader and is available separately for \$89.00. To order, call (866) 379-6636. Requires QuickBooks 2005 or later. Not compatible with QuickBooks Pro for Mac or QuickBooks Online Edition.

³In some cases, a second account might be required.

⁴Billing Solutions requires QuickBooks Merchant Service. Additional fees assessed by payment provider for online payments. Available in QuickBooks 2005 and later.

⁵Virtual Terminal Plus works with QuickBooks Financial Software version 2005 and higher or QuickBooks Enterprise Solutions 2.0.

Application approval required. Fees apply. Transactions subject to Association guidelines. Internet access or modem required. QuickBooks Online Edition users must apply from within QuickBooks Online Edition. Merchant Services require at least QuickBooks financial software 2005 (for the PC) or QuickBooks Enterprise Solutions 2.0.
